GOLF COURSE

# Amongst the World's best,

the par-72 Jim Fazio designed 18-hole golf course is one of the Caribbean's most exciting and challenging courses, and has been named in the top 10 of "Best Golf Courses" in the world.

A hundred and fifty undulating acres of dramatic hills and seashore, with breathtaking sea views from every angle, the course has three distinct settings.

The front nine holes and #18 are in an amphitheater setting with one side open to view the ocean. Holes 11 through 17 are built around Mount Royal 877ft high with spectacular views of the Grenadines and the Caribbean. Holes 12, 13, 14 and 15 are undoubtedly the most scenic holes on the course and the most challenging. They sit on the top of the ridge and have a spectacular view of the neighboring islands. Hole 16 features one of the longest par-3 in the world at 305 yards. The breeze at the top of the ridge adds to the challenge, but makes these holes the most sensational to play.

The course has an ideal design, as holes 1 and 10 start from the clubhouse and holes 9-18 returning.

## The Front 9

The front nine offers a great experience for all abilities; with these holes being not as long and more protected from the elements than the back nine holes. For the accomplished player, from the back tees the front nine holes will offer a challenge that is certain to rival that of your previous games.

## The Back 9

The back 9 offers a separate challenge, the changes in scenery are quite stunning & any stray shots will be punished to the full. The inward 9 offers some 500ft differential, which on its own is a challenge, this along with the 300/400 yard increase on the front 9 makes this a task that any golfer will enjoy taking on.
